P;
 discussed pe findings.
 advised to commence prokolin bid for 5-7 days.
 advised faecal PCR (O would like to use cc faecal examination). explained difference of PCR and in house faecal float and limitations of the latter.
 O unable to decide PCR test, would like to call insurance company to check coverage. O was informed of cut off time 12pm for sample submission.

Called O at 12.35pm to inform faecal float test negative. PCR sample not submitted.
